EXPERIENCE

NOGGIN

3D Character Animator, 2020 - 2024

- Animated biped and quadruped 3D character performances with an emphasis on emotion, facial animation, lip sync, and body mechanics
- Directed series of marketing spots for Paramount +
- Developed detailed posing and animation style guides for the animation team, Wild Words and Mighty Minds series
- Ensured animation style consistency across series to match IP shows
- Provided feedback and guidance to animators on 3D animated sequences
- Collaborated with animation director in developing script into storyboards and previs sequences
- Animated characters in 2D software to mimic 3D IP characters, aligning to their original animation style
- Utilized design assets to create 2D motion graphics
- Recorded and edited facial motion capture data in Unreal Engine, combining with Maya body animation

FREELANCE ANIMATOR

2D Animator and Compositor, 2018 - 2020

- Developed 80's style hand-drawn 2D animation, *Negative Space*
- Composited graphic assets and color-corrected live-action footage
