

# Dasha Prosyannikova

3D Character Animator

[dpro-art.com](http://dpro-art.com)  
[dpro.animation@gmail.com](mailto:dpro.animation@gmail.com)

## EXPERIENCE

### Noggin, New York — 3D Animator

2020 - 2024

- Animated biped and quadruped 3D character performances with an emphasis on emotion, facial animation, lip sync, and body mechanics under tight deadlines
- Acted as Creative Director on a series of marketing spots for Paramount +, providing feedback and guidance to animators on 3D animated sequences
- Developed and implemented detailed posing, silhouette, and animation style guides for the animation team on Wild Words and Mighty Minds series
- Ensured animation quality and style consistency across series to match IP shows
- Collaborated with animation director in developing scripts into storyboards and previs sequences
- Animated characters in 2D software to mimic 3D IP characters, aligning to their original animation style
- Utilized design assets to create compelling 2D motion graphics
- Integrated facial motion capture data in Unreal Engine with body animation created in Maya to achieve immersive character performances

### Freelance Animator, New York — 2D Animator

2018 - 2020

- Developed 80's style hand-drawn 2D animation for the project Negative Space
- Composited graphic assets and color-corrected live-action footage to enhance visual appeal and cohesion
